

## *Mitchellville Children's House*

Mitchellville Children's House, Inc. (MCH) is an accredited Montessori School in Mitchellville, Maryland. Established in 1992 Mitchellville Children's House serves children ages two (2) to ten (10) years old; pre kindergarten through fourth grade.

We solicited the services of eXclusive Systems, LLC to assist us with selecting, purchasing and installing computer for our classrooms. We had older model computers that were becoming obsolete, could not support the educational packages that teachers wanted to use in the classrooms and were not capable of accessing the Internet. We needed a company that would understand our needs and requirements and who would recommend a solution to enhance and compliment the lessons being taught in the classrooms.

eXclusive Systems, LLC volunteered their services to assist us. They understood our constraints and environment. They conducted a site visit, provided us with a written recommendation, performed the installation and provided the staff and students with training on proper computer use.

We are grateful that we have a professional and committed company in our neighborhood that understands the importance of giving back to the community to help educate our children and leaders of the future.
